SUNSERVE STANDS WITH ALL TRANSGENDER AND GENDER VARIANT INDIVIDUALS ON THIS INTERNATIONAL TRANSGENDER DAY OF VISIBILITY

Wilton Manors, FL - March 31, 2021 - On this International Transgender Day of Visibility, we celebrate and recognize all Transgender and Gender Variant people. We applaud and honor the courage it takes to be one's true and authentic self in a world that might not be so welcoming or accepting. Our team here at SunServe respect gender diversity and embrace all individuals on the Transgender Spectrum, whether GNC (Gender Non-Conforming), NB (Non-Binary), Gender Queer, or any variation of Trans Masculine and Trans Feminine. Today we also raise awareness of the discrimination and the violence faced by Transgender people worldwide. We are constantly inspired by the pride, power, and resilience of Transgender people on our staff and around the world. Your visibility and bravery provide hope and inspiration to those who live in fear for simply being who they are. We are rooting for all of you!

Misty Eyez (she/her)

Director of Transgender & Women's Services

LGBTQIA+ Competency Training Manager
